

WHY CAN'T WE FALL OFF THE EDGE?

WHERE IS THE EDGE?

AND I SAID
"YOU MAY COME THIS FAR AND NO FARTHER,
HERE IS WHERE YOUR PROUD WAVES WILL STOP."
JOB 38:11

Antarctica, as a recognized continent does NOT actually exist. Rather, it is a ring of Ice that surrounds the world.

Psalm 104:

5 Who laid the foundations of the earth, that it should not be removed forever.

6 Thou coveredst it with the deep as with a garment: the waters stood above the mountains.

7 At Thy rebuke they fled; at the voice of Thy thunder they hasted away.

8 They go up by the mountains; they go down by the valleys unto the place which Thou hast founded for them.

9 Thou hast set a bound that they may not pass over; that they turn not again to cover the earth.

Psalm 136:

6 To Him that stretched out the earth above the waters: for His mercy endureth for ever.

Proverbs 8:

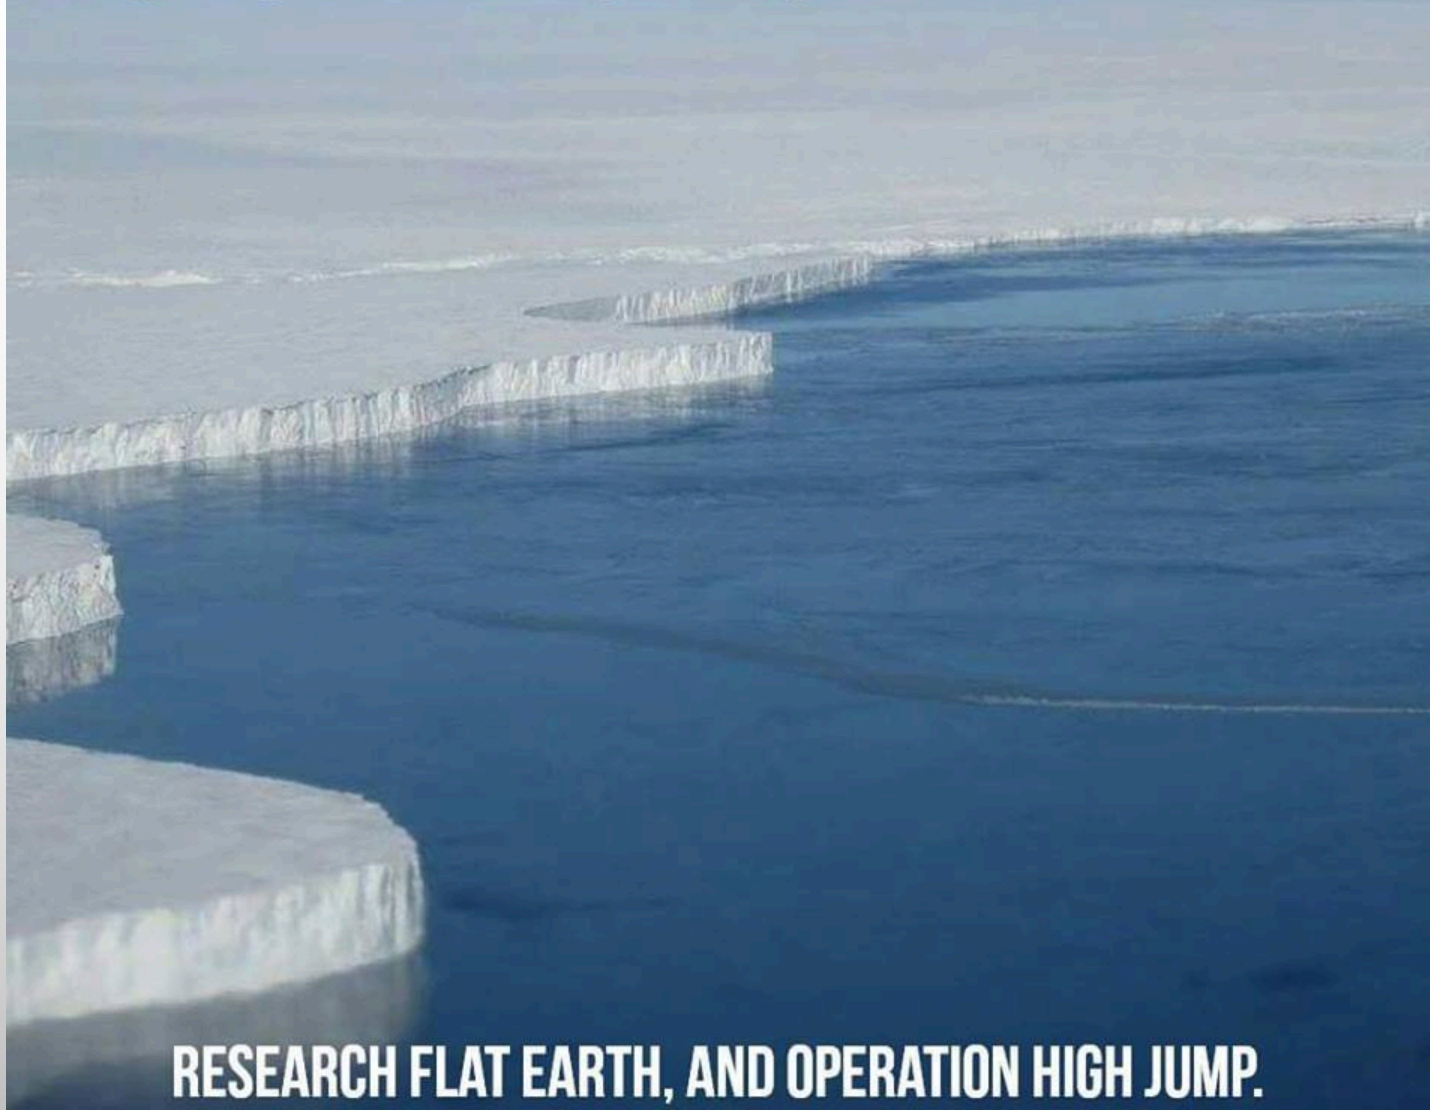

27 When He prepared the heavens, I was there: when He set a compass upon the face of the depth:

28 When He established the clouds above: when He strengthened the fountains of the deep:

29 When He gave to the sea his decree, that the waters should not pass His commandment: when He appointed the foundations of the earth:

What we have been taught all our lives as Antarctica, is actually an ice wall nearly 200 feet tall spanning nearly 60,000 miles. Captain James Cook spent over three years searching for an entrance onto Antarctica, but found no opening in the wall. The ice wall is what keeps anyone and everything from reaching the edge of the Earth.

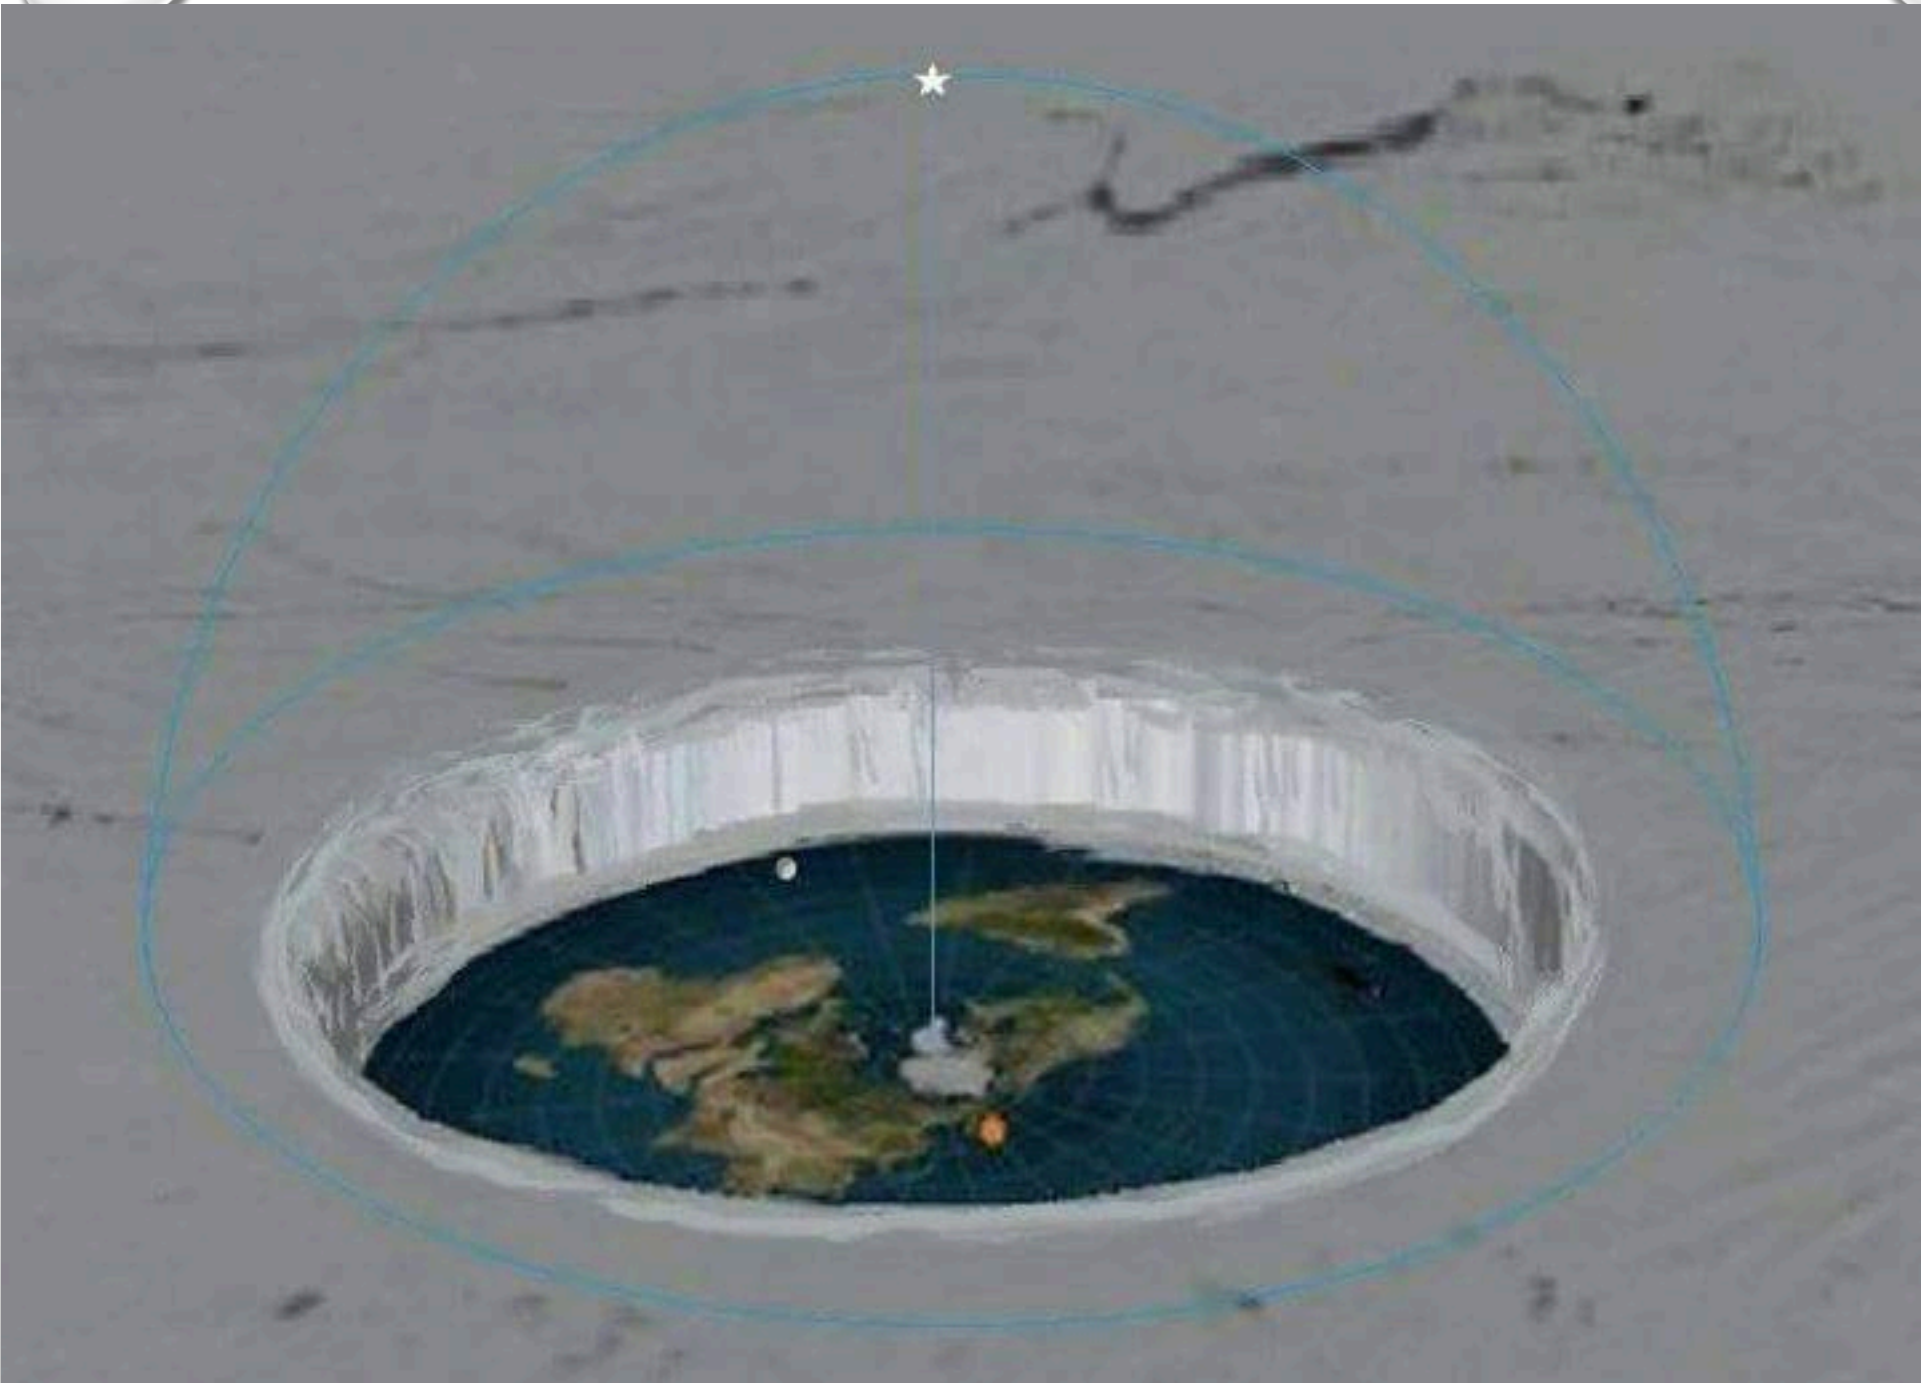

RESEARCH FLAT EARTH, AND OPERATION HIGH JUMP.

**IT TAKES MORE THAN JUST A FEW
MINUTES OF FLAT EARTH RESEARCH**

**TO OVERCOME A LIFETIME
OF INDOCTRINATION**

The Myth

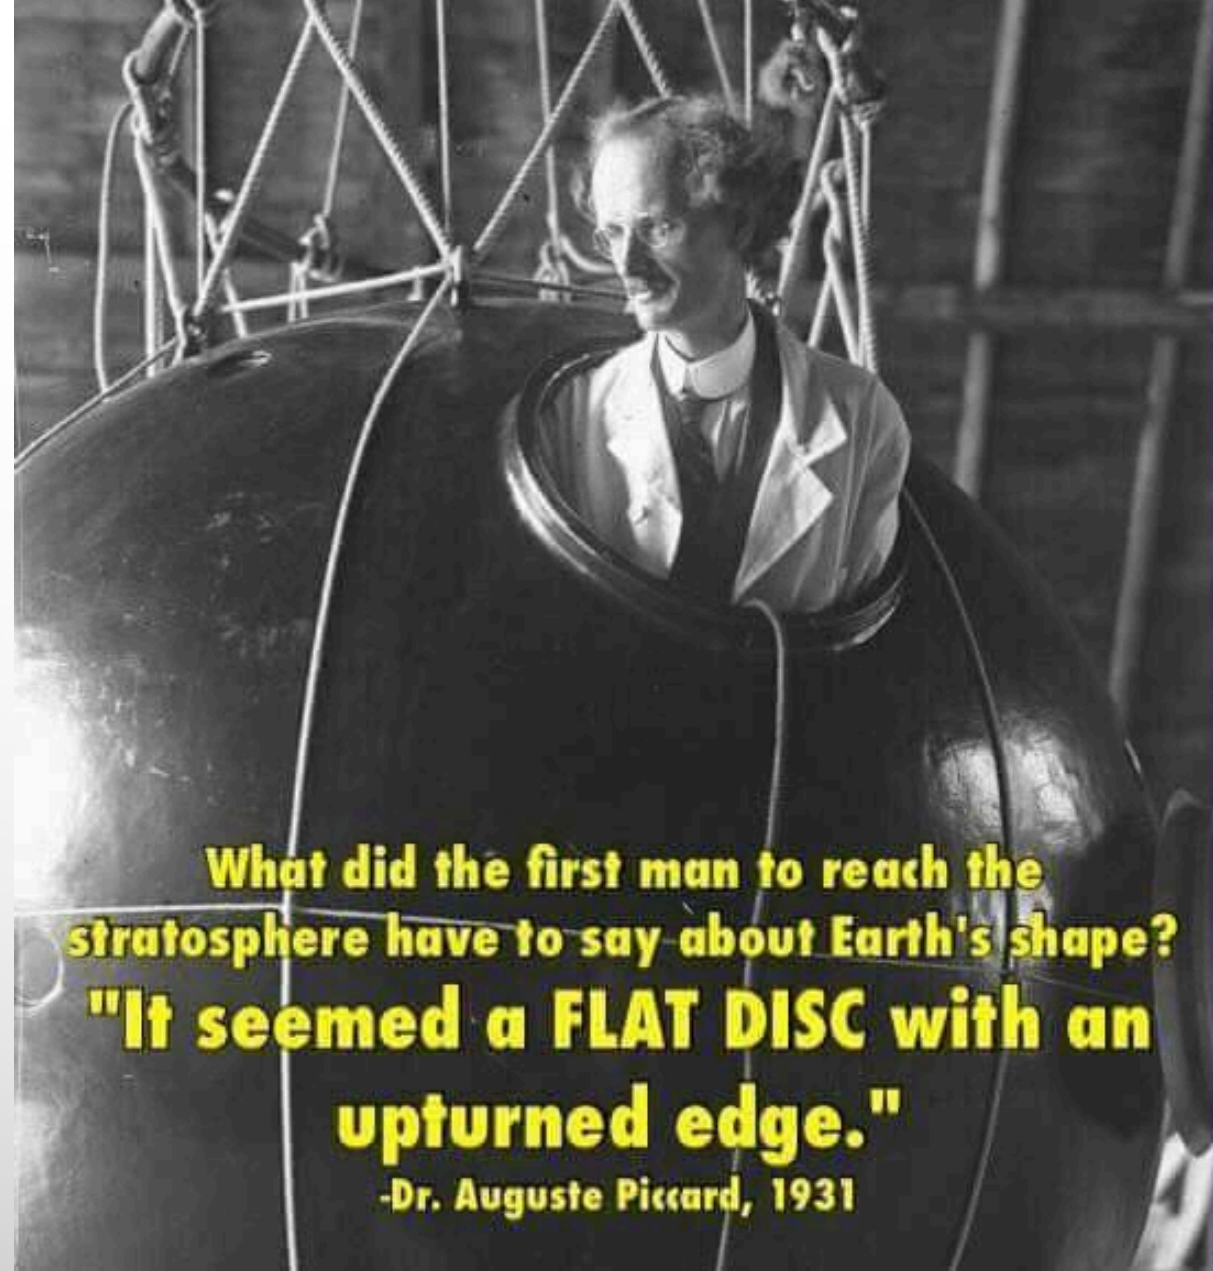

No one is sailing off of the edge.
We are surrounded by a massive ice barrier
that spans farther than the eye can see.

The Truth

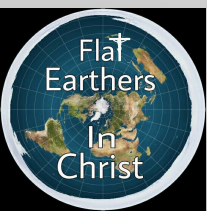

The Antarctic Treaty was designed to,
keep people out of Antarctica...Why?
What are they trying to hide?!!?

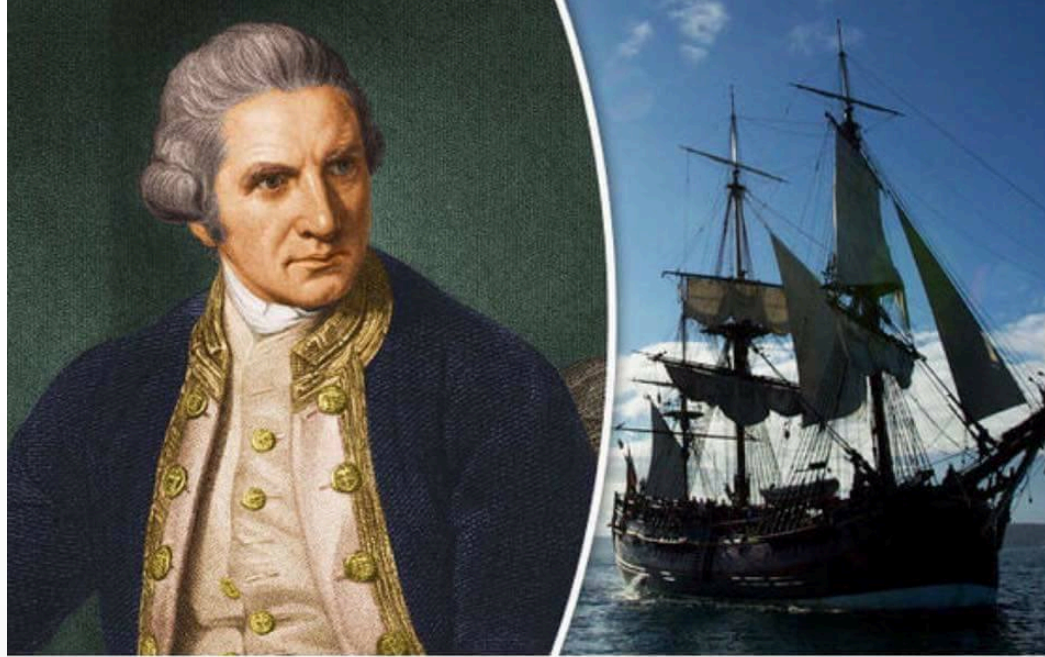

**What did the first man to reach the
stratosphere have to say about Earth's shape?
"It seemed a FLAT DISC with an
upturned edge."
-Dr. Auguste Piccard, 1931**

In 1773, Captain Cook became the first modern explorer known to have breached the Antarctic Circle and reached the ice barrier. During three voyages, lasting three years and eight days, Captain Cook and crew sailed a total of 60,000 miles along the Antarctic coastline never once finding an inlet or path through or beyond the massive ice wall
